

ACHIEVE ★

Achieve Online Mathematics

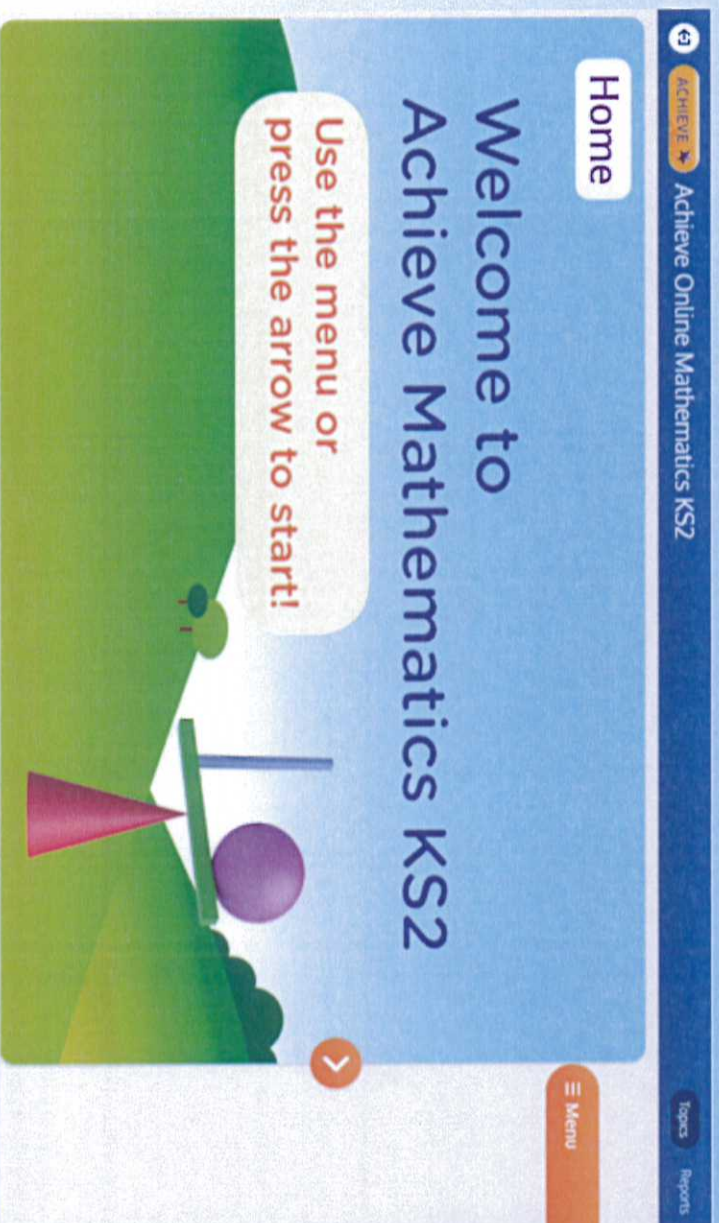

Pupil Guide

Lets go!

What is Achieve Online?

Achieve Online will help you revise and practise for the Key Stage 2 national tests (SATs).

Achieve Online features animated tutorials and practice quizzes covering all the topics that you need to know to achieve the expected standard at the end of Key Stage 2.

Ready to start revising?

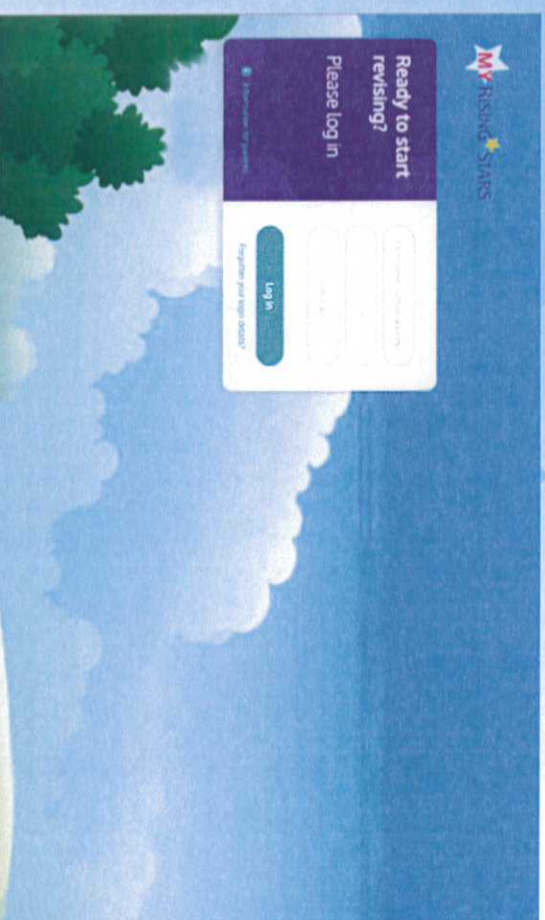

Log in

You can access *Achieve Online Mathematics* from any computer, tablet or phone connected to the internet.

Your teacher will provide you with a URL for instant access.

Alternatively you can log in to *Achieve Online* at my.risingstars-uk.com with your school centre ID.

next

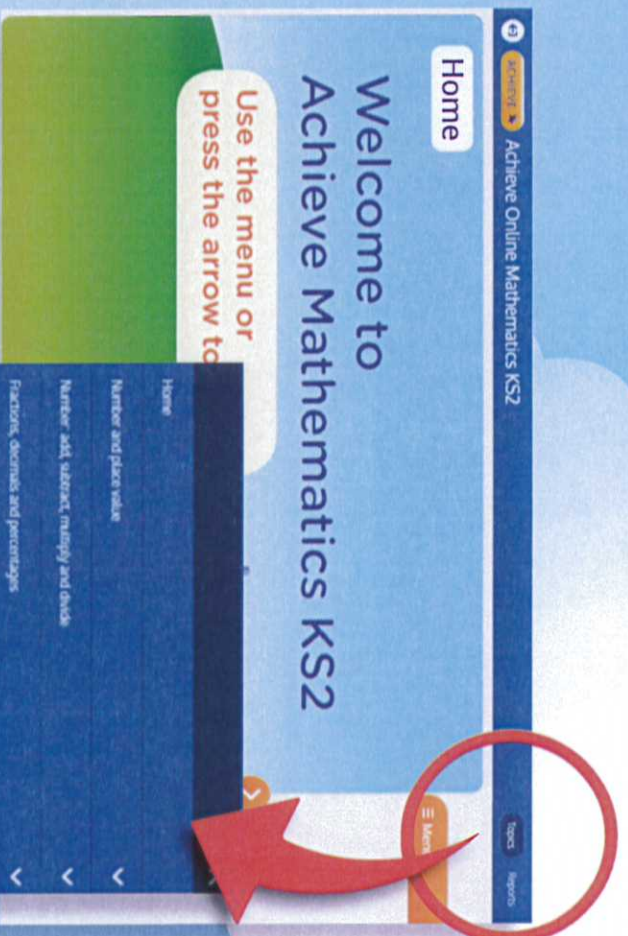

Start practising

Select a **topic** from the **Menu** section on the right hand side of the screen.

There are 10 topics to choose from, each with a number of sub-topics.

To view a complete listing of the animated tutorials and interactive practice quizzes available click here.
